INSTANT CLEAR COAT

Stock SIC

Part # 241501

INSTANT CLEAR COAT is a, ready to use clear coat in an aerosol. It is used for finishing coated surfaces in order to achieve a high gloss, UV resistant, durable finish.

Once cured **INSTANT CLEAR COAT** has a very high gloss and a mirror image depth..

NO ISOCYANATES

Features:

- 21st Century performance and easy to apply clear coat that gives 2K performance.
- Conveniently packaged in an aerosol.
- High gloss and crystal clear
- Excellent build and is compatible with water based coatings
- Ideal for spot repairs and leaves a durable finish
- Great for door jambs and under hoods
- Great for spray out panels to check color match
- Can be directly painted over

Application Instructions:

1. Thoroughly clean and degrease surfaces with a degreaser such as Dominion Sure Seal's Low VOC Cleaner (LVAPC).
2. Abrade solid colored (Single Stage) coatings wet or dry with 800-1000 grit abrasive. If coating a solvent based base coat, apply Instant Clear Coat within the paint company's basecoat clearing recommendations. This is usually within 20 minutes after applying the base coat.
3. If sanding is required - Re-clean prior to clearing.
4. Shake can thoroughly before use for a minimum of 2 minutes.
5. Apply 1-2 light even coats.
6. Allow 5-10 minutes flash off time between coats.
7. Allow at least 30 minutes before handling.

* Not for use in areas where it may be exposed to fuels.
